

EPIC IT INSIGHT

Value adding due diligence within IT and related rights

EPIC IT INSIGHT is a legal service that will help you reduce the risk of every step of the operation in all corners of the company you're about to take out insurance on or wish to invest in! If the main value creation of the business is based on the use or production of IT and the related rights, you need service. You will be surprised to learn how many company owners who don't know if they hold all legal rights of all parts of their crucial digital infrastructure. We're here to help you find out.

You get

- A mapping of the company's ownership/control/rights and a comprehensive yet concise and to the point report showing the gaps identified, and a plan for closing the gaps and reducing your risk - short and long term
- An assessment of what means that reduce risk the most while putting the least limitations on the organisation and operation
- A full analysis of the data flow, interviews with all key persons, review of the licenses, contracts, etc.
